BATA INDUSTRIALS
THE SAFETY SHOE

SERIOUSLY.

SAFETY ALWAYS COMES FIRST. RIGHT?

BATA INDUSTRIALS
THE SAFETY SHOE

Companies often say "The safety of our coworkers always comes first".

But does it really? I'm sure it's their intention, but is it a fact?

It will not come as a surprise that we, Bata Industrials, want safety to be a fact.

Whether it is in a plant, distribution center, production site, factory, or any other place where professionals might encounter hazardous working conditions. Because no matter how skilled people might be, they are always vulnerable.

We can decrease that vulnerability and turn it into safety. By making professionals stand strong, be comfortable, walk with confidence, and stay safe under all circumstances.

That does not start with just a safety shoe. That starts with The Safety Shoe, and we have a catalog full of them.

Stay safe,

Martijn Mathot

Managing Director

The products in the catalog are listed according to safety standards.

FINDING THE PERFECT MATCH

We know what moves you. We know that people work at their best when they have the right equipment, are well-protected and feel comfortable. Keeping them safe, healthy, active and energized. That's exactly what we're going for.

Through our extensive knowledge and broad experience in various working environments, we know exactly what you need, what your circumstances are, what challenges you face and how you move throughout your day.

Bata Industrials has selected 6 main industries to focus on when we develop our shoes. But it doesn't stop there! We know how much jobs in a single area can vary. That's why we created a perfect footwear solution for any job that needs to be done. The perfect match for your needs

and wishes. We are more than happy to advise you.

For example, we have developed different sole materials and profiles for any working surface. And no matter what climate or weather condition you work in: we have the right upper available. From waterproof to extremely breathable. Whatever the environment or circumstances, Bata Industrials always has The Safety Shoe.

RADIANCE COLLECTION

Seriously safe. Seriously boosting.

The Radiance Collection is designed with an eye for style, safety and comfort. In addition to the sporty look, the shoes offer maximum protection and ultimate comfort. All day long. To give your feet the highest level of comfort, the Radiance Collection features a special lightweight EVA midsole with 3B-Motion Technology: Bata's Boosting

Base. This gives feet a huge power boost every step of the way. In combination with an inlay sole of high elastic EVA and the robust SRC certified Vibram® outsole, this ensures an optimal level of comfort and energy return. Even after a long working day your feet still feel comfortable and you still have a lot of energy left!

To give your feet the highest level of comfort, the Radiance Collection features a special lightweight EVA midsole, using our own developed 3B-Motion technology: Bata's Boosting Base. The special molecular EVA structure is arranged in such a way that very little energy is lost upon ground impact. The use of specially formulated EVA material with high cushioning and elastic properties increases the level of comfort even further. What's more, you will get a real power BOOST when you are walking and, as a result, you will feel more energized.

BOOST YOUR FEET

**3B-MOTION:
BATA'S BOOSTING BASE**

STABILITY

The midsole hardness is 48 shore C. Wearing tests have proven that this is the right amount of softness to get the best balance between maximum feet comfort and stability. To ensure maximum stability, a stabilizer is placed on the upper at the heel.

ENERGY RETURN CUSHION

As a global leader in safety shoes, Bata Industrials has carefully adapted the highly boosting properties of EVA in the midsole. EVA is a common cushioning material in modern sports shoes, but the movements you make while working are different from when you are jogging; you lift, turn, kneel, bend and so on. It is therefore essential to get maximum feet and knee support. That is why we have performed numerous density tests in order to create a perfect balance between cushioning, energy return and stability.

COMFORT

By experimenting with the hardness of the midsole, we did not have to settle for a hard, uncomfortable rubber midsole or a structureless fluffy midsole. By incorporating our 3B-Motion technology, we have managed to create a perfect rebound, and therefore a smooth and comfortable feel. You can feel the boost in each step!

MAMMOET COLLECTION

Extreme safety for extreme conditions.

Mammoet makes high demands on the safety shoes for their professionals. Bata Industrials has all the expertise and years of experience to make the best safety shoes. Together we have developed a collection of shoes, boots and socks of superior quality. The shoes and boots are made of full grain leather with an extra soft PU inlay sole and a SRC certified rubber

outsole. A premium collection that incorporates the latest technologies. The innovative Tunnelsystem® provides maximum shock absorption. Thanks to the HDry® membrane the shoes are waterproof, Odor Control® prevents unpleasant odors and the breathable Bata Cool Comfort® lining keeps your feet cool and dry. All to keep you fit, alert and therefore safe at work.

UK sizes: 2-5 / 6-8 / 9-11 / 12-15

TOGETHER WE GO TO THE EXTREME.

Collaboration between Mammoet and Bata Industrials: Best of both worlds

For this new collection of safety shoes and boots we have joined forces with Mammoet. With the common goal: to guarantee professionals the best possible protection. Both companies have a long history as market leaders in their field. And both are headquartered in the Netherlands. From there, we both derive maximum value from our global presence. Bata Industrials is part of the Bata Shoe Organization, the world's largest shoe manufacturer.

Safety, health and comfort. Bata Industrials is constantly pushing the boundaries in these areas. Combining our extensive expertise and experience with first-class materials,

the most advanced techniques and the latest insights into design and comfort. We collaborate with scientists and carry out extensive tests in our own SATRA certified A-status laboratory. Only when a shoe has passed all the tests it is ready to be worn. So that you stand strong, walk confidently and are safe in all conditions.

Now Mammoet and Bata Industrials are combining their knowledge and skills. The result: a new shoe collection that meets the highest safety requirements for safety shoes. The new Mammoet Footwear collection brings together the best of both worlds.

WORKWEAR**

SPORTMATES® COLLECTION

Seriously safe. Seriously sporty.

With the SportMates® Collection we set new standards in safety, breathability and design. Thanks to its sporty style and light weight, SportMates® are the perfect solution for every active professional. The SRC certified rubber outsole is equipped with our Tunnelsystem®: an ingenious system we developed with Prof. Dr. W. Baumann, an established professor of biomechanics.

This built-in shock absorber helps prevent fatigue, loss of concentration and accidents. A soft cushioning EVA midsole provides excellent comfort and high shock absorption. The midsole is combined with a latex foam inlay sole and a lightweight upper made of breathable materials. These unique features ensure optimal climate and comfort in the shoe, all day long.

EAGLE COLLECTION

Seriously safe. Seriously affordable.

The unique Eagle Collection has been designed with one goal in mind: to offer maximum safety, comfort and design, at the most competitive price. The Eagle is light: about 100 grams lighter than comparable safety shoes. The PU-foamed OrthoLite inlay sole provides a comfortable and soft feeling. The newly developed SRC certified outsole is equipped with the Easy Rolling System® and the new ingenious Tunnelsystem®. Combined with a softer density PU midsole, it offers maximum stability and grip.

FALCON ESD S1

- › Steel toecap
- › Mesh lining
- › Dual density PU-sole
- › Width W
- › Size range: 35-49
- › Uk size range: 2-14 (including 6.5 and 9.5)

FORWARD COLLECTION

Seriously safe. Seriously made in Holland.

Forward safety shoes are designed to deliver the highest level of protection and comfort. The incorporated Walkline® Evo technology reduces fatigue and keeps you energized. The perfect degree of shock absorption reduces impact to the joints, to help prevent injuries and tiredness. The light double density PU-sole

provides supreme grip and slip resistance, far exceeding the SRC standard. Every Forward model is detection friendly or even completely metal free and equipped with our moisture absorbing Premium Fit inlay sole. With a variety of high class upper materials there is a perfect match for almost any working environment.

WALKLINE® EVO

Walkline® is an ergonomic system that Bata Industrials has developed together with biomechanical researcher Terje Haugaa. Haugaa found that more than 30% of people who wear safety shoes have one or more health-related foot problems. Reason; many safety shoes are designed with a 'banana' shape that forces the foot into an unnatural position. To solve this problem, Bata Industrials and Terje Haugaa developed Walkline® years ago.

Many years of further research and development led to the latest Walkline® technology: Walkline® Evo. This technology offers durable comfort, excellent grip and outstanding shock absorption. The natural last provides the perfect fitting for the foot, with the heel lock securing the heel of the foot. Flexlines provide maximum flexibility needed in dynamic work environments and offer a natural support in every step. As a result you become less tired and walk more energetically.

1 ERGONOMIC

Walkline® Evo is ergonomic, based on applied science to maximize productivity of the foot motion by reducing fatigue and creating great comfort. Walkline® Evo guides and supports the foot to make natural movements and to use the momentum of the motion. The integrated, high-technology shank provides stability at the midfoot. Walkline® Evo helps you to stand and walk in a correct anatomical position.

2

DURABLE COMFORT

When you walk all day in your safety shoes, comfort has to be a top priority. Walkline® Evo offers durable comfort, supporting the foot movement in a healthy way. As an addition to the Walkline® Evo system, we integrated an extra thick inlay sole that stimulates natural foot movement and provides an extraordinary cushioning effect.

3

FLEXLINES

Walkline® Evo incorporates smart flexlines that follow the foot's natural flex zones, offering maximum support, grip and flexibility.

4

NATURAL LAST

Walkline® Evo offers perfect fitting by following the shape of the foot. Conventional shoe lasts force the foot into an unnatural banana shape, which can create anatomical problems. Walkline® Evo has a straight last, designed to fit the contour of the foot, keeping the foot in a secure position.

5

GRIP

Optimal grip is essential in all work environments. Slipping and falling account for many accidents on the work floor, which is easily avoided by wearing the right safety footwear. Walkline® Evo features anti-slip soles, which provide outstanding grip. We have added additional Flex Grip solutions in the design of our outsole for extra anti-slip purposes.

6

HEEL LOCK

Our heel lock makes sure the foot stays in the right position, locking it to support the natural foot motion.

7

SHOCK ABSORPTION

Walkline® Evo makes light work of hard surfaces. The Tunnelsystem® helps manage impact, providing energy return and cushioning. Our intelligent combination of midsole, outsole, inlay sole and in some cases shank can absorb shocks. This technology helps reduce impact to the joints, which reduces injuries and fatigue.

TRAXX COLLECTION

Seriously safe. Seriously reliable.

More than twenty years ago, we developed the Traxx Collection in accordance with all legal, health and safety requirements. Now the models are equipped with the latest technologies and are still amongst our bestsellers. With a steel toecap, SRC certified outsole, high-quality inlay sole and penetration resistant insert made of steel or

FlexGuard® composite, the Traxx models set the new standard for safety shoes. Some models are water-repellent or even waterproof thanks to the HDry® membrane. And some shoes are equipped with an abrasion resistant TPU toecap to provide extra protection. The Traxx Collection is specially designed to give your feet the best comfort. All day long.

ENDURO ACT COLLECTION

Seriously safe. Seriously supportive.

Comfort and support are the key words for our Enduro ACT Collection. These shoes include the Walkline® 2.0 technology and many comfort features that reduce fatigue and keep you energized. The PU outsole is SRC certified. Purpose-made for general use, ACT offers lightweight, comfortable and sporty designs. The white collection encompasses technology and quality materials such as microfiber. This importantly assists in maintaining the right level of hygiene in sectors like the food industry.

ODOR CONTROL IS THE ANSWER TO THE PROBLEM OF SHOES THAT SMELL BAD

Odor Control is a total solution that attacks and controls 99.9% of bacteria attracted to sweaty feet.

WHERE DOES THE SMELL COME FROM?

When feet sweat, they release moisture from the 250,000 sweat glands on each foot. Bacteria are attracted to this moisture, which they consume and then excrete as waste gases with an unpleasant and penetrating odor.

natural plant extract, derived from peppermint. Odor Control has the innate ability to control 99.9% of bacteria and even maintains its effect at temperatures of up to 240°C. This makes your feet feel fresh all day long.

WHAT IS ODOR CONTROL?

Bata Industrials has worked together with scientists to develop a solution that not only eliminates odor, but is also completely eco-friendly. Whereas other methods leave a large environmental footprint, Odor Control is free of synthetic chemicals. It is based on a completely

TESTED TO THE HIGHEST STANDARD

Odor Control delivers excellent antimicrobial efficiency in AATCC 100 testing, as conducted by an independent laboratory. Tested and approved according to the strictest standards in the world for antibacterial finishes on textile materials, Odor Control is used not just in the sock liner of safety shoes, but in all areas surrounding the foot.

ENDURO PWR COLLECTION

Seriously safe. Seriously supportive.

Heavy working conditions ask for solid shoes that provide optimum grip, comfort and support. That's where the PWR range comes in. The collection is designed to perfectly deal with rough ground such as gritty, concrete, and muddy surfaces.

The SRC certified rubber outsole has a wider and deeper profile and is resistant to heat up to 300° C. Although it's created to be tough, the ergonomic PWR Collection incorporates the Walkline® 2.0 technology to help prevent fatigue and keep you on your toes.

HDry®

**A NEW
NAME FOR
THE MOST
ADVANCED
WATERPROOF/
BREATHABLE
FOOTWEAR
TECHNOLOGY
PLATFORM.**

Without gaps between the impenetrable waterproof membrane and the fabric underneath, water cannot get trapped in-between these layers. Because of this, there is no chance of water leaking through the fabric after long exposures to rain. A very important feature is that breathability is not affected.

HELIX COLLECTION

Seriously safe. Seriously robust.

Helix safety shoes have it all. They are durable, robust, stylish and provide the highest standard of comfort in the toughest of working conditions. The rubber outsoles are SRC certified. Helix safety shoes feature an advanced cushioning system and our ingenious Tunnelsystem® for the best possible shock absorption. The collection achieves a high level of suspension to maximize the reduction of fatigue and stress on the feet and joints. The built in 3M Scotchgard™ leather protector is designed to leave water and oil on the surface, which makes it easy to wipe dirt away. This will extend the life of your new favorite shoes.

BOA®

Boa® Fit System
The Boa® Fit System makes shoe laces obsolete. The High Performance Fit System is quickly adjustable and guarantees a lifetime of carefree work days without laces untangling.

3M Scotchgard Protector
Built in leather protection that is designed to leave water and oil on the surface, which makes it easy to wipe dirt away. This will extend the life of your new favorite shoes.

Detection & airport friendly
This shoe is made with composite safety components certified to the highest safety standards. Making it ideal for travelling through metal detection portals and airport security.

NOVA COLLECTION

Seriously safe. Seriously energizing.

The increased performance and comfort of the Nova Collection will leave you with the right amount of energy. The biomechanical Walkline® 2.0 technology, optimizes the wearer's walk and gait. The Flexlines in the sole follow the foot's natural flexing zones, creating a more energetic walking experience. The very strong heel counter contributes to the stabilization

and ergonomics of the foot. We have combined high-tech microfiber materials and breathable fabrics with a flexible, dynamic SRC certified TPU QuattroTech® sole. This creates a shoe that is designed for safety and looks ultra-stylish. Its light, breathable materials make it easy to wear. The result? You'll stay energized throughout the whole day, wherever you work.

THE SAFETY STANDARD

If a shoe carries a CE-label, this indicates the following: the product meets the requirements of European Regulation 2016/425 regarding personal protective equipment. The CE-standard EN ISO 20345 consists of two parts. The basis label means that a product meets a number of basic requirements. If the product also meets certain additional requirements, this is indicated by a symbol on the shoe.

EXPLANATION OF THE SYMBOLS

- SB

Protective footwear for professional use with toecaps designed to give protection against impact when tested at an energy level of 200 joules
- S1

As SB plus antistatic properties, energy absorption of seat region, closed heel and resistance to fuel oil
- S1P

As S1 plus anti penetration resistant insert
- S2

As S1 plus water resistance and water absorption of upper material
- S3

As S2 plus anti penetration resistant insert and cleated outsole
- S4

All-rubber or all-polymer footwear, antistatic properties, energy absorption of seat region, protective toecap, closed heel and resistance to fuel oil
- S5

As S4 plus anti penetration resistant insert and cleated outsole

Additional requirements for special applications with specific marks:

P	Penetration resistance	HI	Insulation against heat	HRO	Heat Resistant Outsole
C	Conductive	CI	Insulation against cold	SBH	Hybrid footwear
A	Antistatic	CR	Cut resistant footwear	ESD	Electrostatic discharge
E	Energy absorption	AN	Ankle protection	SRA/	Slip resistance
I	Insulating footwear	WR	Water resistant footwear	SRB/SRC	
M	Metatarsal protection 100 J impact energy	WRU	Water resistant upper		
		FRU	Flame resistant upper		

CAREFULLY READ THESE INSTRUCTIONS BEFORE USING THIS PRODUCT: This footwear is designed to minimize the risk of injury from the specific hazards as identified by the marking on the particular product (see marking codes above). However, always remember that no item of PPE can provide full protection and care must always be taken while carrying out the risk-related activity.

PERFORMANCE AND LIMITATIONS OF USE – These products have been tested in accordance with EN ISO 20345:2011 for the types of protection defined on the product by the marking codes explained above. However, always ensure that the footwear is suitable for the intended end use.

FITTING, SIZING – To put on and take off shoes or boots, always fully undo the fastening systems. Only wear footwear of a suitable size. Shoes that are either too loose or too tight will restrict movement and will not provide the optimum level of protection. The shoe size is always clearly marked on our shoes.

COMPATIBILITY – To optimize protection, in some instances it may be necessary to use this footwear with additional PPE such as protective trousers or over gaiters. In this case, before carrying out the risk related activity, consult your supplier to ensure that all your protective products are compatible and suitable for your application.

SOCKS & COMFORT – Wear Bata Industrials socks, change your socks regularly and, in case of perspiration, take alternating hot and cold baths. Use soap sparingly. Change shoes regularly: leather is a natural product and should be allowed to rest.

Check www.bataindustrials.com to contact our shoe advisor or to view all the standards that apply on each of our shoes. Risk analysis is always the responsibility of the prevention advisor. The prevention advisor, in consultation with the hierarchal line, prepares the advice whereby the employer undertakes the necessary actions.

SOCKS COLLECTION

Let's talk about perfect fit socks.

Especially with safety shoes it is important that the socks you are wearing are comfortable. Socks not only protect against cold or heat, but also against friction and help to remove perspiration in a controlled way. That's why we put as much innovative technology into our socks as we do into our shoes. The choices of high-tech fabrics and construction offer new levels of safety and comfort.

SPECIAL SOCKS

SERIOUSLY. good protection

The special socks in this range are designed to offer protection in specific working environments and conditions. The best fibers, yarns and protective zones are used to guarantee a perfect fit and enhanced comfort to your safety shoes. Leaving your feet safe, supported and protected.

Sizes: 35-38 / 39-42 / 43-46 / 47-50
UK sizes: 2-5 / 6-8 / 9-11 / 12-15

FLAME PROOF

A flame-retardant sturdy calf-length sock made from Zirpro virgin wool with meta-aramid fiber. Specially designed for fire crews and welders. Safe and extra comfortable. Complies with safety standards EN ISO 14116:2015.

- › Good protection in extreme heat due to flame-retardant, heat-resistant virgin wool
- › Shrink-proof and therefore easily washable in the washing machine
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Leg and arch support
- › Smooth board
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption

Composition: 44% Zirpro (virgin wool), 30% Kermel® (meta-aramid), 24% polyamide, 2% Lycra® (elastane)
Available in: black

Flame Proof socks are expected to be available as from October 2020.

ALL SEASONS SOCKS

SERIOUSLY. good comfort

No matter how cold or warm it is, the natural fibers in Bata's All Seasons socks always feel pleasant. All Seasons socks are available in Merino wool and cotton.

The Merino wool comes from Merino sheep with very fine wool that does not itch. As a result, the Merino wool socks are great in any circumstance. Wool ensures an even temperature of the skin, retains 30% moisture without feeling wet and is naturally elastic, dirt-resistant and anti-bacterial.

Cotton socks are stronger than wool and can be washed at 40° C. Special zones in the sock guarantee a perfect fit and ultimate comfort. Your feet are safe, protected and supported in the right places.

Sizes: 35-38 / 39-42 / 43-46 / 47-50
UK sizes: 2-5 / 6-8 / 9-11 / 12-15

ALL SEASONS COTTON

- › Optimal wearing comfort thanks to the anatomically shaped foot sole in the left and right sock
- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Leg, ankle and arch support
- › Smooth board
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 49% cotton, 22% polyamide, 17% Pro-Cool® (polyester), 9% Amicor™ (acrylic), 2% Lycra® (elastane), 1% Bekinox® (metal fiber)
Available in: gray

ALL SEASONS MERINO WOOL

- › Optimal wearing comfort thanks to the anatomically shaped foot sole in the left and right sock
- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Leg, ankle and arch support
- › Smooth board
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 45% Merino wool, 26% polyamide, 17% Pro-Cool® (polyester), 9% Amicor™ (acrylic), 2% Lycra® (elastane), 1% Bekinox® (metal fiber)
Available in: anthracite

LOGO SOCKS

SERIOUSLY. remarkable

Professional from head to toe? Then have your company logo knitted into the work socks. Our logo socks are top quality. They are designed for a wide range of working environments. We use the best yarn and produce and personalize the socks in Europe.

* Minimum of 600 pairs per order. Ask our sales team for specific order conditions.

Sizes: 35-38 / 39-42 / 43-46 / 47-50
UK sizes: 2-5 / 6-8 / 9-11 / 12-15

EXECUTIVE

The perfect combination of an office and industry sock, made with thin yarns, partly recycled.

- › Lightweight sock with perfect fit, due to more Lycra® elastane
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel and toe
- › Leg and arch support
- › Smooth board
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Moisture management and shock absorption through cotton

Composition: 47% cotton, 26% polyamide, 24% recycled polyester, 3% Lycra® (elastane)
Available in: gray. Logo on foot or leg

INDUSTRY INDOOR

Comfortable sock which gives a cool feeling.

- › Medium weight sock with perfect fit, due to more Lycra® elastane
- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Arch support
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 50% cotton, 20% polyamide, 18% Pro-Cool® (polyester), 9% Amicor™ (acrylic), 2% Lycra® (elastane), 1% Bekinox® (metal fiber)
Available in: black. Logo on foot or leg

INDUSTRY OUTDOOR

Comfortable, very strong sock for outdoor use.

- › Medium weight sock with Thermolite® for warmer feet
- › Air flow at foot, moisture management and shock absorption through terry knit in foot
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel and toe
- › Ankle and arch support
- › Comfort seam

Composition: 77% Thermolite® (polyester), 22% polyamide, 1% Lycra® (elastane)
Available in: black. Logo on foot or leg

BATA INDUSTRIALS
THE SAFETY SHOE

COOL SOCKS

SERIOUSLY. cool and dry

KEEP YOUR HEAD AND FEET COOL!

Working in a warm environment? Cool socks from Bata Industrials offer your feet a pleasant cooling. All models from this collection contain Pro-Cool®. This fiber leads perspiration from your foot through the sock to the inner lining of the shoe. This keeps your feet nicely cool and dry, which reduces the risk of blistering. The combination with other materials (fibers and yarn) and the addition of various protective zones ensure unique functional and comfort-enhancing properties. The blue line on the side of the sock shows that it is a Cool sock.

Sizes: 35-38 / 39-42 / 43-46 / 47-50

UK sizes: 2-5 / 6-8 / 9-11 / 12-15

WHAT'S IN A NAME?

The name of the sock speaks for itself: the Cool socks keep your feet cool, with the Thermo socks they stay nice and warm. There are two letters behind the name. The first letter stands for the volume of the sock: light, medium or heavy. The second refers to the length: short, mid-high or long. This way you can immediately see which sock suits you best.

Thickness/volume length

L = Light S = Short
M = Medium M = Mid-high
H = Heavy L = Long

COOL LS 1

Feet remain pleasantly dry within this comfortable sock with its outstanding moisture-regulating properties.

- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Leg and arch support
- › Reinforced zones around the heel and toe ensure extra durability
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 44% cotton, 30% polyamide, 15% Pro-Cool® (polyester), 8% Amicor™ (acrylic), 2% Lycra® (elastane), 1% Bekinox® (metal fiber)

Available in: black

COOL LS 2

A stylish, comfortable sock for people who prefer to wear a thin, moisture-regulating sock.

- › Finely knitted, strong sock
- › Extra support prevents feet from becoming tired
- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Arch support
- › Reinforced zones around the heel and toe ensure extra durability
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 39% Pro-Cool® (polyester), 39% polyamide, 20% cotton, 1% Lycra® (elastane), 1% Bekinox® (metal fiber)

Available in: black

COOL MS 1

This moisture-regulating sock is one of the best and strongest socks in the collection.

- › Optimal moisture-regulating properties ensure fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Leg, ankle and arch support
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 51% Pro-Cool® (polyester), 27% cotton, 20% polyamide, 1% Lycra® (elastane), 1% Bekinox® (metal fiber)

Available in: black

COOL MS 2

The very latest technologies have been incorporated into this strong, moisture-regulating sock.

- › Thanks to optimal ventilation, feet remain cool and dry
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel and toe
- › Leg support
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 35% cotton, 25% Pro-Cool® (polyester), 24% polyamide, 14% Amicor™ (acrylic), 1% Lycra® (elastane), 1% Bekinox® (metal fiber)

Available in: anthracite, black

COOL MS 3

A strong, sporty sock with very good moisture-regulating properties. Pro-Cool® draws perspiration from the foot via the outer side of the sock to the interior lining of the shoe.

- › Extreme moisture-regulating properties ensure pleasantly dry feet
- › Optimal wearing comfort thanks to the anatomically shaped foot sole in the left and right sock
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Leg, ankle and arch support
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Unpleasant odors stand no chance due to antibacterial and moisture-absorbing silver
- › ESD due to silver

Composition: 78% Pro-Cool® (polyester), 19% polyamide, 2% Silver, 1% Lycra® (elastane)

Available in: blue denim with gray

THERMO SOCKS

SERIOUSLY. warm and dry

Do you work in cold and damp conditions? Thermo socks from Bata Industrials will keep your feet warm and dry. Most of our Thermo socks have a high percentage of virgin wool. We combine this with other yarns and fibers. Each sock has its own combination and its own sophisticated protective zones. This way each sock, gets unique functional and comfort-enhancing properties.

Sizes: 35-38 / 39-42 / 43-46 / 47-50
UK sizes: 2-5 / 6-8 / 9-11 / 12-15

THERMO HM 1

A thick, calf-length sock made from Zirpro virgin wool with meta-aramid fiber. Flame-resistant and specially designed for fire crews and welders. Safe and yet comfortable too. Complies with safety standards EN 531.

- › Good protection in extreme heat due to flame-resistant, heat-resistant virgin wool
- › Shrink-proof and therefore easily washable in the washing machine
- › Comfort seam
- › Reinforced zones around the heel and toe ensure extra durability
- › Extra protection and comfort due to the terry sole
- › Shock absorption

Composition: 59% Zirpro (virgin wool), 36% Kermel® (meta-aramid), 4% polyamide, 1% Lycra® (elastane)
Available in: black

THERMO HM 2

A thick, calf-length sock made from virgin wool to keep feet pleasantly warm and dry. Ideal for in boots and high cut shoes. A superb fit, with a specially long band to prevent sagging.

- › The natural action of wool ensures nice dry feet
- › Good support for the leg and front of the foot reduces fatigue
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and shinbone
- › Leg and arch support
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption

Composition: 40% polyamide, 37% shrink-resistant virgin wool, 22% acrylic, 1% Lycra® (elastane)
Available in: black

THERMO MS 1

This comfortable sock is 100% synthetic and the strongest sock in the collection. It is superbly warm and has excellent moisture regulation, ideal for people who have to work in cold conditions like construction workers and road menders.

- › Insulating sock that keeps feet agreeably warm
- › Optimal air circulation for pleasantly fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Ankle and arch support
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption

Composition: 75% Thermolite (polyester), 24% polyamide, 1% Lycra® (elastane)
Available in: black

THERMO MS 3

A warm, woolen ankle sock with superb moisture regulation. Thanks to the combination of virgin wool and Pro-Cool®, feet remain warm and dry in all conditions.

- › Optimal air circulation for pleasantly fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe and Achilles
- › Comfort seam
- › Extra protection and comfort due to the terry sole
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

Composition: 34% shrink-resistant virgin wool, 29% polyamide, 23% Pro-Cool® (polyester), 12% Amicor™ (acrylic), 1% Lycra® (elastane), 1% Bekinox® (metal fiber)
Available in: black

THERMO ML

An agreeably long, warm woolen sock, ideal for people wearing boots. Through the combination of virgin wool and Pro-Cool®, feet remain warm and dry in all conditions. Has many supportive and protective zones, plus an extra-long band to prevent sagging.

- › Optimal wearing comfort thanks to the anatomically shaped foot sole in the left and right sock
- › Optimal air circulation for pleasantly fresh, dry feet
- › Flex Fit ensures a smooth transition from leg to foot
- › Special zones provide protection for heel, toe, ankle, Achilles, shinbone and calf
- › Leg, ankle and arch support
- › Comfort seam
- › Shock absorption
- › Antibacterial fibers keep unpleasant smells at bay and keep feet feeling fit
- › ESD due to metal fiber

INLAY SOLES COLLECTION

The right inlay sole makes a safety shoe your safety shoe

Safety is paramount, but comfort and support are just as important. You wear safety shoes every day, so they should fit comfortably. Bata Industrials brings shoes, socks and inlay soles together for the best results because no foot is the same. The right combination ensures optimum comfort, prevents fatigue and ensures that you have energy until the last minute of your working day. The result: a safer working environment in which fewer accidents occur.

Our top quality inlay soles ensure an even better fit. The smart support zones offer optimum wearing comfort and stability.
